# **DOCTORS FIND** REMEDY FOR **COLDS AND FLU**

Calotabs, the New Nauscaless Calomel Tablets, Cut Short Colds and May Prevent Flu by Keeping Lives Active.

Physicians have learned from 22perionee, during the epidemic of influence, that one of the most important
factors in the prevention of flu and
pneumonia is to keep the liver active
so that the digestive organs may be in
perfect working order and the system
thereby enabled to throw off colds,
check fore throats, and resist serious
complications. For this purpose they
have found that the new natescales
calomel tablets called Calotabs, are far
more effective even than the old style
calomel, which was formerly the universal favorite, as Calotabs do not
weaken the patient, nor interfere with
the apportite and digestion.
At the first sign of a cold or sore
throat, doctors recommend one Calotab at bed time with a swallow of
water—that's all. No saits, no nausea,
nor the slightest interference with your
diet, pleasure, or work. Next morning
you wake up feeling fine, your liver
is active, and your appetite is keen for
a good breakfast.

For your protection Calotabs are sold
only in original scaled packages, price
thirty-five cents. All druggists recommend and guarantee Calotabs. Your
money back if you are not delighted
with them.
